# Material Safety Data Sheet

Trametes versicolor Extract; Trametes versicolor Powder (Mushroom Powder)

## 1. Identification of substance:

- Product details: Trametes versicolor Extract; Trametes versicolor powder
- Trade name: Trametes versicolor Extract; Trametes versicolor powder
- Manufacturer/Supplier: Jiangsu Qinshantang Health Industry Co., Ltd
- Information department: Quality Department

## 2. Composition/Data on components:

- Chemical characterization: natural product/botanical extract powder
- Description: Brown Yellow Fine Powder
- Dangerous components: no.

## 3. Hazards identification

- Hazard description: not applicable
- Information pertaining to particular dangers for man and environment: not applicable
- Classification system:

The classification was made according to the latest editions of the EU-lists, and expanded upon from company and literature data.

## 4. First aid measures

- General information: no special measures required.
- After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact : generally the product does not irritate the skin.
- After eye contact: Rinse opened eye for several minutes under running water.
- After swallowing: if symptoms persist consult doctor.

## 5. Accidental release measures

- Measures for environmental protection: No special measures required.
- Measures for cleaning/collection:  
Pick up mechanically avoiding causing a stir.
- Additional information: No dangerous substances are released.

## 6. Handling and storage

- Information for safe handling: No any effect.
- Information about protection against explosions and firms:  
No special measures required.
- Storage: requirements to be met by storerooms and receptacles:  
Keep container dry.
- Information about storage in one common storage facility: Not required.
- Further information about storage conditions: None.
- Storage class: no special requirement.

## 7. Exposure controls and personal protection

- Additional information about design of technical systems:  
No further data; see item 7.
- Components with limit values that require monitoring at the workplace:

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

· Addition information:

The lists that were valid during the creation were used as basis.

- Personal protective equipment: no requirement.
- Breathing equipment: common mask.
- Protection of hands: Not required.
- Eye protection: Not required.

**8. Physical and chemical properties:**

- Form: Fine powder
- Odor: Characteristic
- Moisture: not more than 9.0%

**9. Stability and reactivity**

- Thermal decomposition / conditions to be avoided:  
No decomposition if used according to specifications.
- Dangerous reactions: No dangerous reactions known.
- Dangerous products of decomposition:  
No dangerous decomposition products known.

**10. Toxicological information**

- Acute toxicity: none
- Primary irritant effect: Characteristic
  - On the skin: no irritant effect on the skin. The inhalation of powder can irritate the respiratory tract.
  - On the eye: No irritant effect.
  - Sensitization: No sensitizing effects known.
- Additional toxicological information:  
The product is not subject to classification according to the calculation method of the General EU Classification Guidelines of preparations as issued in the latest version:  
When used and handled according to specifications, the product does not have any harmful effects according to our experience and the information provided to us

**11. Fire fighting measures**

- Suitable extinguishing agents:  
CO<sub>2</sub>, extinguishing powder or water spray. Fight larger fires with water spray of alcohol resistant foam.
- Protective equipment: No special measures required.

**12. Ecological information:**

- General notes: Not known to be hazardous to water

**13. Advice on disposal:**

- Contaminated packaging: Should not be considered hazardous waste.

**14. Transport information:**

- Land Transport-Marine Transport-Air Transport: Other than normal shipping instructions and information given in the MSDS, there are no other specific U.S. Department of Transportation (DOT) regulations governing the shipment of this material. IATA not classified.

**15. Regulatory information**

- Labeling-(Hazardous Symbols)

- National Fire Protection Association
- Health=1 Flammability=1 Reactivity=0 Special hazard=None
- Hazardous Material Information System (HMIS)
- Health=1 Flammability=1 Reactivity=0 Personal Protection=D

**16. Other information:**

- Hazardous Products of combustion: Carbon monoxide, butadiene, acrid smoke, irritating fumes.

**Disclaimer:**

The information in this MSDS was obtained from sources, which we believe are reliable. However, the information is provided without any warranty, express or implied, regarding its correctness. The conditions or methods of handling, storage, use or disposal of the material are beyond our control and may be beyond our knowledge. For this and other reasons, we do not assume responsibility and expressly disclaim liability for loss, damage or expense arising out of or in any way connected with handling, storage, use or disposal of the material.

This MSDS was prepared and is to be used only for this material. If the material is used as a component in another material, this MSDS information may not be applicable.
